Our History

The Salvation Army is an international Christian organization that continues to confront poverty in all its forms, empowering the vulnerable to find dignity and hope through changed lives. In addition, The Salvation Army plays a major role in providing disaster relief. The Salvation Army staff and volunteers are often the first on the scene and the last to depart, honoring a century-old commitment to serve those in need. The red shield continues to be a beacon of compassion, immediate aid, psychological support, and spiritual counsel to individuals and families whose lives have been disrupted or shattered by forces beyond their control.

With 'heart to God and hand to man,' The Salvation Army strives to meet the basic needs of all who come seeking help. Taking immediate care of the basic human needs of food, shelter, clothing and safety is an important first step in the development of a more positive and permanent life change in the people we help.
